

Educational Grant Accountability Form

1. Applicant's Name: Nicole Northrup Position: Teacher - 6th grade
 2. School: First Flight Middle School Educational Grant Number: 1005

3. Project Evaluation (describe how project goals were met, successes, failures)
The students enjoyed a day of learning that included bird adaptations, sea turtles, land turtles, soundside discovery and a trail walk. They really covered our science goal of looking at cooperation and competition with the "don't eat me" presentation.

4. Describe the project's impact on students/school/community:
This day truly enriched our science curriculum by showing how animals cooperate, coexist, and compete in their natural surroundings. It certainly heightened student awareness of the importance of preserving our natural surroundings for these creatures.

5. Number of students involved: 210 Grades: 6 Number of others involved: 12 teachers/ adults

6. Project began on June 1, 2010 Ended: _____

7. Describe how project has been shared with others: Students are discussing and sharing what they learned in school and throughout the community.

8. Amount of Grant: 758.00 Amount Spent: 758.00

9. Funds spent from other fund sources 0

10. Other Comments: Cindy did a terrific job arranging a schedule for us and getting enough interns (the students loved the interns). We were a very large group!
